## Drawing Preparation for Surface Modeling

### 8 hours Hands On Training

\$249 Call 919.417.8351 to Register by May 8<sup>th</sup> - Seats are Limited!

This class provides hands on training focusing on working with CAD files for the purpose of exporting a final ground surface model suitable for machine control or staking. These topics presented here are for users of Carlson Takeoff, Carlson Construction or Carlson Civil.

Some of the topics to be covered are: surface modeling basics, drawing and layer cleanup, elevating CAD entities such as contours and curb lines.

Please bring your own laptop and mouse. Trial versions of Carlson Civil Suite, Construction or Takeoff with IntelliCAD will be provided if needed.

Pre-Requisite: This is an aggressive agenda so a general working knowledge of IntelliCAD or AutoCAD and basic computer knowledge is required of all attendees. The May 16<sup>th</sup> class, CAD Review and Intro to Carlson Software, may be considered a good primer for this class.

Date & Time: Wednesday, May 18<sup>th</sup> 2011  
Sign In and Software Loading begins at 7:30 am  
Training starts at 8:00 am

Need to Bring: Laptop and Mouse
