for**

**Data Collection
Software Trade-In**

**50%
off**

Are you tired of...

- *Software that does not support all of your equipment?*
- *Leaving messages for technical support and not receiving an answer for days?*
- *Manufacturers that do not respond to your need for new features or new drivers for new products?*
- *Manufacturers that do not support your old equipment?*
- *Manufacturers that tell you that theirs is the only solution to your data collection needs?*

Offer Valid: 10/01/09 To 12/31/09

You need to move up to Carlson Software's SurvCE data collection program. SurvCE supports more manufacturers, and more models of equipment than any other data collection software.

SurvCE is backed by the best technical support in the industry. And its FREE! (accessible by email or a toll free number).

For a limited time Carlson Software will accept the trade-in of the two products listed above and give you a 50% discount on an equivalent copy of SurvCE.

**SAVE:
\$497.50 to
\$1497.50**
